

GLE Irrigation Ltd., part of the GLE Landscape Group, is looking for an experienced Irrigation Technician for operations in the Greater Vancouver and Lower Mainland region of British Columbia.

Qualification minimums the ideal candidate will possess are:

- * IIABC Certified Irrigation Technician Level 1 & 2 (CIT 1&2 or provincial equivalent).
- * IIABC Certified Irrigation Designer (CID Turf Residential and/or CID Turf Commercial or provincial equivalent).
- * Proven track record estimating, installing, servicing and troubleshooting irrigation systems.

Additional skills the ideal candidate would be able to demonstrate are:

- * Ability to utilize irrigation design software.
- * Basic computing skills with knowledge of Excel.
- * Low voltage electrical qualification (FSR Certification or provincial equivalent).
- * Butt-fusion Certification for HDPE pipe.

Base salary for candidate for this position \$55,000.00/year plus depending on certifications and experience. Company truck and phone also included.

GLE Irrigation Ltd. offers competitive salary packages based on experience, including extended medical and dental benefits, and ongoing continuing education and certification initiatives.

If you have the skills outlined in this job posting or another set of skills that you think would benefit our company, reply to this ad with your resume and a cover letter to payroll@glelandscap.com.
